

# RIDGE SIBUYI

## JUNIOR SOFTWARE DEVELOPER

Orange Farm, Johannesburg | 075 317 6830 | ridgem.sibuyi@gmail.com

### PROFESSIONAL SUMMARY

Junior software developer with an NQF Level 5 qualification in Systems Development from WeThinkCode\_ and practical experience supporting users with technology. Developing full-stack skills across Java, JavaScript, HTML, CSS and SQL, with a strong interest in reliable back-end systems. Known for problem-solving, adaptability, teamwork and a consistent commitment to learning.

### TECHNICAL SKILLS

**Languages:** Java, JavaScript, Python, SQL, HTML5, CSS3

**Tools:** Git, GitHub, VS Code, Linux, Maven, JUnit

**Knowledge:** Object-oriented programming, databases, REST APIs, responsive web design, software testing

**Currently developing:** React front-end development and Java back-end development

### SELECTED PROJECT

#### Developer Portfolio | HTML, CSS, Git and GitHub

2026 - Present

- Building a responsive personal website to present technical skills, projects, contact details and a downloadable CV.
- Structured the site with semantic HTML and created responsive layouts using Flexbox, CSS Grid and media queries.
- Added smooth navigation, hover animations and functional links while using Git to track development milestones.

### PROFESSIONAL EXPERIENCE

#### School Assistant / eCadre | Pudumo Primary School, Orange Farm

Jun 2025 - Nov 2025

- Provided ICT support to teachers and learners, helping resolve common device, software and classroom-technology issues.
- Installed and updated operating systems and applications on school devices.
- Supported educators in using digital tools and integrating ICT into classroom activities.
- Assisted with the implementation of coding and robotics learning activities.
- Captured and maintained learner information on SASAMS/CEMIS with attention to accuracy and confidentiality.

### EDUCATION

#### WeThinkCode\_ | Systems Development (NQF Level 5)

Mar 2023 - Jul 2024

Training included software development, object-oriented programming, databases, version control, testing and collaborative project work.

#### Masibambane College | National Senior Certificate

2017

### ADDITIONAL INFORMATION

**Strengths:** Reliable, quick to learn, team-oriented, respectful, able to follow instructions and take initiative.
